Welcome to the 2017 Lake St. Clair sportfishing season, featuring muskies, bass, and walleyes. Once again, we will be offering some of the finest outings available on Lake St. Clair. The current docking facility is at Island Harbor, 24102 Jefferson Ave., St. Clair Shores, MI 48080

Muskie fishing on Lake St. Clair was outstanding during 2016. Our clients successfully boated 340 muskies of 380 opportunities. Additionally, we posted 27 "Master Angler" awards, with a minimum entry of 45 inches, for the State of Michigan awards program. Our largest catch was 38 lbs. and 54 inches long. Most of the Masters had graphite reproductions done of their "trophy catches." All muskies were successfully released, resulting in preservation of this natural resource, growth of larger fish, and more opportunities for future angling.

To my repeat clients, and those of you who have not been out fishing yet, I look forward to having you on board, and enjoying your experience while you catch those muskies and walleyes. Join the numerous others who have caught their trophy aboard the *Muskie Hunter.* See you there!

Fishing Season: June 3 thru September 16, 2017
