Welcome to the 2013 Lake St. Clair sportfishing season, featuring muskies, bass, and walleyes. Once again, we will be offering some of the finest outings available on Lake St. Clair.

Muskie fishing on Lake St. Clair was outstanding during 2012. Our clients successfully boated 462 muskies of 481 opportunities. Additionally, we posted 34 "Master Angler" awards, with a minimum entry of 45 inches, for the State of Michigan awards program. Our largest catch was 40+ lbs. and 54 ¼ inches long, caught on July 30. Most of the Masters had graphite reproductions done of their "trophy catches." All muskies were successfully released, resulting in preservation of this natural resource, larger fish, and more opportunities for future angling.

To my repeat clients, and those of you who have not been out fishing yet, I look forward to having you on board, and enjoying your experience while you catch those muskies and walleyes. Join the numerous others who have caught their trophy aboard the *Muskie Hunter*. See you there!
